BAND STORY

"

// I am GadMan of GadManDubs, also known as dr_genius

as a child i was surrounded by sound systems, my farther had Two 18" bins in the front room, as a baby i was rocked to sleep with the sound of sweet bass vibration, over the years i have delved into many genres of music hip-hop, house, jungle/drum&bass, funky house, soulful house, dubstep, roots rock reggae, and dubstep. Dub is a genre were im most out home, i produced my first ever dub tune in 1995, when at the time i was studying midi notation, i used to make some wicked tunes with that bunch of 128 gm sounds, lol, as time went by i discovered the the art of sampling, and music technology, in 1996, i studied music technology, at my local college, but

found the teachers lacked the knowledge,
that i was specifically requiring at that time.

so

i venture into the realm of self tuition, this
learning is still going on to this day,

I have worked as a studio engineer, since
1999, recording

local talented artists, i have created over
10.000 tracks spanning all the genres
above, i do not have enough time to
release even a small percent of, that which i
have created,

maybe ill do a mega album with a 1000.
tunes per dvd

who knows?

recently i have been recording an album
with I Abba Makkonnen I -due out in april
of this year!!

'Jah Made it in time' is the Title:

I have featured on the revolutionary dub
vibrations chapter 1 free L.p

brutalizm volume 2

and all manner of mix tapes and projects
for various artist way to many to mention,

as you know i created this website Dub
Ark.com

so that the dub community could stick
together in this last days time.

And that we shall do,unity strength through
organization

& centralization

bless the dub ark and all who sail in her!!
